

A Technical Assessment Body (TAB) is an institution designated by an EU Member State to perform technical assessments of and to issue ETAs for one or several product areas listed in Table 1 of Annex IV to Regulation (EU) No 305/2011.

Under the decision of the Minister of Transport, Construction and Maritime Economy No 2/JOT/WB/13 of 20 November 2013, the Road and Bridge Research Institute has been designated as a Technical Assessment Body authorized to issue European Technical Assessments:
